

Progressive Practices

**GLUTEN
FREE**

A product that is made from ingredients that do not naturally have gluten in them. Gluten is a protein found in some grains and cereal, notably wheat.

**ORGANIC
FARMING**

Organic wine is wine made from grapes grown and farmed in accordance with principles of organic farming, which typically excludes the use of artificial chemical fertilizers, pesticides, fungicides and herbicides.

**RENEWABLE
ENERGY**

Renewable energy is useful energy that is collected from renewable resources, which are naturally replenished on a human timescale, including carbon neutral sources like sunlight, wind, rain, tides, waves, and geothermal heat.

**SUSTAINABLE
FARMING**

Sustainable agriculture attempts to minimize environmental impacts, ensure economic viability and a safe, healthy workplace through the use of environmentally and economically sound production practices with a focus on groundwater conservation, energy renewal and biodiversity.

VEGAN

Wines made without animal products in the fining process.

**WOMEN
IN WINE**

WinesU is proud to celebrate the women winemakers and winery leaders that we partner with.
